

ALLERGY, IMMUNOLOGY & RHEUMATOLOGY

PSI is a leading full-service CRO operating globally.

98% of PSI-managed clinical trials complete patient enrollment on or ahead of schedule.

PSI's exceptional repeat and referral business rate distinguishes PSI in the market place as a "no-nonsense" CRO that delivers across trials of all sizes and levels of complexity.

PSI has successfully performed Phase II/III studies in the following atopic, immunologic and rheumatologic indications:

- 
- Allergic rhinitis
 - Asthma
 - adult
 - paediatric
 - Arthritic pain
 - Atopic dermatitis
 - Bone marrow transplantation
 - Gout disease
 - Osteoarthritis
 - Psoriasis
 - Rheumatoid arthritis
 - SLE
 - Vaccine augmentation

PSI employs physicians as full-time monitors and project managers, most of whom are board certified specialists, including internists, immunologists, and rheumatologists.

**ULTRA-FAST PATIENT ENROLLMENT.
IT'S ABOUT TIME.**
